Announcing a change in the Bethlehem Buddies After School Program.

Any 2\textsuperscript{nd} or 3\textsuperscript{rd} grade student at Dallastown Elementary who wishes to sign up for the after-school program but missed the original deadline may now do so. The program will operate on a \textit{rolling enrollment} until further notice. Any students enrolled during the month of September will be eligible to start attending the after-school program the first Wednesday in October. Enroll in October, start attending in November, etc.

The Permission Form and the Student Registration Form can be downloaded from the DES website. As before, once the completed forms are received, your student will receive a letter confirming the enrollment along with a Parent Information Packet.

The program launch is Wednesday, September 4\textsuperscript{th} with 10 students currently enrolled. We would love to have more students take advantage of this after school program!

If you have any questions, please contact the church office at 717-244-1486 and your call will be returned by a member of the after-school program.
